

Dear Mr. Garrison.

57 Yesterday I rec^d. the enclosed letter from our friend E. A. Webb, of Keene, N. H. I am sure you will remember him, at the time of the A. S. Meeting which you & I went to K. to attend, - the warm interest he took in us, as well as in the object of the meeting, - his hospitality, wh. he couldn't exercise towards us at his own house, but did, handsomely, at the hotel, &c. &c. I am moved to send this to you at once. Also, 2 others from a ^{ny} Virginia-born man, John C. McCoy, now & long living in Ohio, & who has been a subscriber to the Liberator. The letters are curious, I think, & of some value. His detail of some of his experiences, in Virg^a & on the Border, is worthy, I think, of insertion in a History of the A. S. Enterprise. -

I have with me a parcel of letters which I brought from Leicester for you to see, & meant to take out to you yest. p. m., but the heavy shower prevented.

Truly Yrs.
